To Whom It May Concern,

I am the son of Mr. Graham Ayers, attempting to locate a copy of the title deed for Five (5) Old Mill of 15,000 Sq. Ft., in the Mount Alexander Development in the Parish of St. Patrick in the island of Grenada.

Based on correspondence from November 1973 to September 1979, my father utilized your firm to complete the necessary paperwork to obtain the deed, after apparently completing the sale with Mount Alexander Development, and remitting the necessary supporting documents to your office.

I possess a copy of the sales contract, as well as the returned paid promissory notes for the purchase, but would like to establish proof of current ownership, or determine if the property was subsequently sold by my father.

Thank you for your attention in this matter.
