Dear Mr. Ayers,

This is to confirm the the title of Gordon Ayers also called William Gordon Ayers to two lots of land at Mt. Alexander, St. Patrick's, Grenada are in order. Taxes are up to date and infact in credit.

If you intend to keep the land you would need to apply for an Alien Land-holding licence in your name and have the necessary deed done to transfer the land to yourself.

If you intend to sell the land there would be no need to obtain a licence.

Sincerely,

Celia Edwards QC

Lynne,

I'll add this to OneNote when I get home tonight.

I'm surprised about the taxes; I still don't know how to make a payment. Have you been paying them?

Christopher.

No, I haven't received a bill since before Dad, and haven't paid anything. It's better than being in arrears! - L.

Dear Ms. Edwards,

Thank you for your informative reply; I especially appreciate your assistance as my request was unsolicited.

If I may trouble you with two last queries:

1. In the event that I apply for an Alien Land-holding licence, could I engage your firm to facilitate the transfer?
2. In the event that I intend to sell the land, could I engage your firm to facilitate the transactions?

I would be most gratified if I could continue to retain your service, but I am cognizant that you may not deal with matters of property. If so, could you kindly refer me to a colleague?

Yours sincerely,

Christopher
