Canada.  
Sept 28/74.

Mr. M. Rocafort, Director  
Mount Alexander Development Ltd.  
P.O. Box 201  
St. Georges, Grenada, W.I.

Dear Sir:

I am writing, First to give you my change of address as shown above. Formerly my residence was at 18 Currie Ave, Saint John, N.B. I have been transferred here for over a year now. My change of address for forwarding mail was listed with the post office, however I have not heard from your office in all this time.

Mr. Crawley and myself have been in touch with Mr. Ed Brasseur at intervals by phone and I have made two visits to Montreal to talk with him in the past two years.

It has now been over two years as of last June (74) that we have completed making payments on a lot at 30 Prospect Road of the Mount Alexander Development. We have not received the remainder of the last receipts acknowledging the final payments even though the amounts were cleared through the bank in Montreal. Also we have not received our deed for the land as we had been told we would, by Mr. Brasseur.

Would you kindly advise us in this regard and any other information you may have to this date.

By a copy of this letter to Mr. Ed Brasseur, Mr. L. Banford and Mr. Gordon Ayers, I would be pleased if you would forward any information on Mount Alexander Development to bring me up to date.

Thanking you and hoping to hear from all of you soon, I remain

Yours truly,

  
Myron E. Zegarchuk.
